KEY												
FLS	Front passengers seat with Lap-Sash belt**											
RLS	Rear seat with Lap-Sash belt											
RL	Rear seat with Lap belt											
RFB	Rear, Forward facing seat with baby Bolt											
**PLEASE NOTE:												
*While it is legal for a child to sit in the front, it is not safe and THL do not recommended any child under 26kgs (7- 8yrs) travel in a front seat.												
*Toddlers can move to a booster seat when they out grow their child seat or weigh between 14 kg and 26 kg.												
*Once a child's eyes are level with the top of the back seat or the child is 26 kg or over, then they can come out of a booster and use an adult seat.												

WARNING: The lap portion of the belt must be adjusted firmly first, and then the harness, so that the belt is not lifted off the child's lap when the harness is adjusted.

When not in use, the harness may be flipped onto the parcel shelf or disconnected from the anchor fitting and stored.
